

Malyn K. Malquist

Director, TC PipeLines GP, Inc.

Mr. Malquist became a Director of TC PipeLines GP, Inc. (general partner of TC PipeLines, LP) in April 2011 and Chairman of the Audit Committee in July of the same year.

Mr. Malquist has over 25 years of business experience in the energy sector. From September 2002 to March 2009, he held various senior executive positions at Avista Corp. and served as the Executive Vice-President and Chief Financial Officer. Avista Corporation provides gas, electricity and related energy solutions to business and residential customers throughout Washington, northern Idaho and parts of Oregon. Prior to that, Mr. Malquist served in senior executive positions at Sierra Pacific Resources, ending his term as President and CEO/COO in April 2000.

Currently, Mr. Malquist also sits on the Board of Headwaters Incorporated, a New York Stock exchange listed company. He obtained a Bachelor of Arts and Master of Business Administration from Brigham Young University.

TC PipeLines, LP (NYSE: TCP) has interests in 5,560 miles of federally regulated U.S. interstate natural gas pipelines which serve markets across the United States and Eastern Canada. This includes significant interests in Great Lakes Gas Transmission Limited Partnership and Northern Border Pipeline Company as well as 25 percent ownership interest in each of Gas Transmission Northwest LLC, and Bison Pipeline LLC. TC PipeLines, LP also has 100 percent ownership of North Baja Pipeline, LLC and Tuscarora Gas Transmission Company. TC PipeLines, LP is managed by its General Partner, TC PipeLines GP, Inc., an indirect wholly owned subsidiary of TransCanada Corporation (NYSE: TRP). TC PipeLines GP, Inc. also holds common units of TC PipeLines, LP. For more information about TC PipeLines, LP, visit the Partnership's website at www.tcpipelineslp.com.

With more than 60 years experience, TransCanada is a leader in the responsible development and reliable operation of North American energy infrastructure including natural gas and oil pipelines, power generation and gas storage facilities. TransCanada's network of wholly owned natural gas pipelines extends more than 35,500 miles, tapping into virtually all major gas supply basins in North America. TransCanada is one of the continent's largest providers of gas storage and related services with approximately 380 billion cubic feet of storage capacity. A growing independent power producer, TransCanada owns, or has interests in, over 10,800 megawatts of power generation in Canada and the United States. TransCanada is developing one of North America's largest oil delivery systems. TransCanada's common shares trade on the Toronto and New York stock exchanges under the symbol TRP.
