

## Rob Jacobucci

Principal Financial Officer and Controller,  
TC PipeLines GP, Inc.  
Director, Pipeline Accounting  
TransCanada Corporation

Rob Jacobucci is the Principal Financial Officer and Controller of TC PipeLines GP, Inc. (general partner of TC PipeLines, LP). He is also the Director of Pipeline Accounting for TransCanada Corporation. Mr. Jacobucci is responsible for the accounting and financial reporting of TransCanada's pipeline segment. He provides regulatory accounting support for TransCanada's wholly-owned pipelines' tolls applications, hearing proceedings and negotiated settlement process. Mr. Jacobucci provides regulatory accounting advice to all accounting groups in the company.

Mr. Jacobucci joined TransCanada in 1999. Prior to his current appointment, Mr. Jacobucci was Director, Energy Accounting, providing accounting support for TransCanada's power and natural gas storage businesses. Previous to that, he held the positions of Manager, Power Accounting and Manager, U.S. Pipeline Accounting as well as various senior accounting and leadership positions in TransCanada's financial reporting group. Prior to joining TransCanada, Mr. Jacobucci was an audit manager with PricewaterhouseCoopers Chartered Accountants.

Mr. Jacobucci is a Chartered Accountant with the Institute of Chartered Accountants of Alberta. He holds a Bachelor of Business Administration from Simon Fraser University.

TC PipeLines, LP is a publicly traded limited partnership. TC PipeLines, LP has interests in approximately 3,700 miles of federally regulated U.S. interstate natural gas pipelines including Great Lakes Gas Transmission Limited Partnership (46.45 per cent ownership), Northern Border Pipeline Company (50 per cent ownership), Tuscarora Gas Transmission Company (100 per cent ownership) and North Baja Pipeline, LLC (100 per cent ownership). Great Lakes is a 2,115-mile pipeline serving markets in Minnesota, Wisconsin, Michigan and eastern Canada. The 1,249-mile Northern Border Pipeline transports natural gas from the Montana-Saskatchewan border to markets in the midwestern United States. Tuscarora owns a 240-mile pipeline system that transports natural gas from Oregon, where it interconnects TransCanada's Gas Transmission Northwest System, to markets in Oregon, Northern California, and Northwestern Nevada. North Baja is an 80-mile natural gas pipeline that extends from Southwestern Arizona to a point on the California/Mexico border and connects with a natural gas pipeline system in Mexico. TC PipeLines, LP is managed by its general partner, TC PipeLines GP, Inc., an indirect wholly owned subsidiary of TransCanada Corporation. TC PipeLines GP, Inc., also holds common units of the Partnership. Common units of TC PipeLines, LP are quoted on the NASDAQ Stock Market and trade under the symbol "TCLP".

With more than 50 years' experience, TransCanada is a leader in the responsible development and reliable operation of North American energy infrastructure including natural gas pipelines, power generation, gas storage facilities, and projects related to oil pipelines. TransCanada's network of wholly owned pipelines extends more than 59,000 kilometres (36,500 miles), tapping into virtually all major gas supply basins in North America. TransCanada is one of the continent's largest providers of gas storage and related services with approximately 370 billion cubic feet of storage capacity. A growing independent power producer, TransCanada owns, or has interests in, over 11,800 megawatts of power generation in Canada and the United States. TransCanada's common shares trade on the Toronto and New York stock exchanges under the symbol TRP. For more information visit: [www.transcanada.com](http://www.transcanada.com)
