

Janine M. Watson

Vice President & General Manager
TC PipeLines GP, Inc.
Director, LP Management & Pricing
TransCanada PipeLines Limited

Janine Watson was appointed Vice-President and General Manager of the General Partner in October 2015. Prior to that date, Ms. Watson was Associate General Counsel – Energy Law, where she led a team which delivered a broad spectrum of transactional, regulatory and compliance services for TransCanada energy businesses. Ms. Watson also holds the position of Director, LP Management & Pricing with TransCanada.

Since joining the Company in 1997, Ms. Watson has held a variety of progressively senior roles working with TransCanada's Mainline, Western Gas (TransCanada's former gas trading arm) and TransCanada Energy.

Prior to joining TransCanada, Ms. Watson practiced law at McCarthy Tétrault's Calgary office and clerked at the Alberta Court of Appeal.

Ms. Watson earned a Bachelor of Commerce degree from the University of Alberta and a Juris Doctor degree from the University of Victoria. She is a member of the Law Society of Alberta.

TC PipeLines, LP is a Delaware master limited partnership with interests in seven federally regulated U.S. interstate natural gas pipelines which serve markets in the Western, Midwestern and Eastern United States. The Partnership is managed by its general partner, TC PipeLines GP, Inc., a subsidiary of TransCanada Corporation (NYSE:TRP). For more information about TC PipeLines, LP, visit the Partnership's website at www.tcpipelineslp.com.

With more than 65 years' experience, TransCanada is a [leader](#) in the [responsible development](#) and reliable operation of North American energy infrastructure including natural gas and liquids pipelines, power generation and gas storage facilities. TransCanada operates a network of natural gas pipelines that extends more than 91,500 kilometres (56,900 miles), tapping into virtually all major gas supply basins in North America. TransCanada is the continent's largest provider of gas storage and related services with 653 billion cubic feet of storage capacity. A large independent power producer, TransCanada owns or has interests in over 10,700 megawatts of power generation in Canada and the United States. TransCanada is also the developer and operator of one of North America's leading liquids pipeline systems that extends over 4,300 kilometres (2,700 miles) connecting growing continental oil supplies to key markets and refineries. TransCanada's common shares trade on the Toronto and New York stock exchanges under the symbol TRP. Visit TransCanada.com and [our blog](#) to learn more, or [connect with us on social media](#) and [3BL Media](#).
