

## Nancy F. Priemer

Vice-President, Taxation, TC PipeLines GP, Inc.  
Director, US Natural Gas Pipelines Taxation  
TransCanada PipeLines Limited

Nancy Priemer was appointed Vice-President, Taxation of the General Partner in February 2016 and is responsible for the tax administration and tax planning functions of the Partnership and its related subsidiary investments.

Ms. Priemer is also Director, U.S. Natural Gas Pipelines Taxation for TransCanada. In this role, she leads the Houston and Omaha tax groups and is responsible for providing tax administration, tax planning, regulatory and accounting support for a number of TransCanada's major U.S. pipeline companies and wholly-owned subsidiaries. Additionally she serves as Vice President, Financial Services for TransCanada's U.S. companies.

Ms. Priemer has over 30 years of related tax experience working in both public accounting at Deloitte and in industry. In 1998, she joined TransCanada as Tax Director of an affiliate located in Michigan. In 2009, she relocated to Houston to lead the Houston-based tax group.

Ms. Priemer is a Certified Public Accountant and holds a Bachelor of Science degree and a MBA degree from Wayne State University in Detroit, Michigan. She is a member of the Tax Executives Institute, the American Institute of CPAs, and the Council on State Taxation.

TC PipeLines, LP is a Delaware master limited partnership with interests in seven federally regulated U.S. interstate natural gas pipelines which serve markets in the Western, Midwestern and Eastern United States. The Partnership is managed by its general partner, TC PipeLines GP, Inc., a subsidiary of TransCanada Corporation (NYSE:TRP). For more information about TC PipeLines, LP, visit the Partnership's website at [www.tcpipelineslp.com](http://www.tcpipelineslp.com).

With more than 65 years' experience, TransCanada is a [leader](#) in the [responsible development](#) and reliable operation of North American energy infrastructure including natural gas and liquids pipelines, power generation and gas storage facilities. TransCanada operates a network of natural gas pipelines that extends more than 91,500 kilometres (56,900 miles), tapping into virtually all major gas supply basins in North America. TransCanada is the continent's largest provider of gas storage and related services with 653 billion cubic feet of storage capacity. A large independent power producer, TransCanada owns or has interests in over 10,700 megawatts of power generation in Canada and the United States. TransCanada is also the developer and operator of one of North America's leading liquids pipeline systems that extends over 4,300 kilometres (2,700 miles) connecting growing continental oil supplies to key markets and refineries. TransCanada's common shares trade on the Toronto and New York stock exchanges under the symbol TRP.
