

Nadine E. Berge

Director, TC PipeLines GP, Inc.
Director, Corporate Compliance and Legal Operations
TransCanada PipeLines Limited

Nadine Berge was appointed as Director of the General Partner in May, 2018, and also serves as Director, Corporate Compliance and Legal Operations for TransCanada. Ms. Berge is responsible for corporate compliance programs and activities for all of TransCanada's businesses in Canada, the U.S. and Mexico. Her portfolio also includes leadership of operational matters for the TransCanada legal department in all three jurisdictions.

Ms. Berge has held positions of increasing responsibility in the legal department prior to her current role assumed in December 2014, most recently as Senior Legal Counsel, Energy Law.

Ms. Berge previously practiced law with a major Canadian law firm in the area of energy regulation from 1999 until joining TransCanada in 2005.

Ms. Berge holds a Masters degree in Public Administration and a law degree from the University of Victoria, and a Bachelor of Arts (First Class Honours) from McGill University. She is a member of the Law Society of Alberta, the Canadian Bar Association and the Association of Corporate Counsel.

TC PipeLines, LP is a Delaware master limited partnership with interests in eight federally regulated U.S. interstate natural gas pipelines which serve markets in the Western, Midwestern and Northeastern United States. The Partnership is managed by its general partner, TC PipeLines GP, Inc., a subsidiary of TransCanada Corporation (NYSE:TRP). For more information about TC PipeLines, LP, visit the Partnership's website at www.tcpipelineslp.com.

With more than 65 years' experience, TransCanada is a leader in the [responsible development](#) and reliable operation of North American energy infrastructure including natural gas and liquids pipelines, power generation and gas storage facilities. TransCanada operates one of the largest natural gas transmission networks that extends more than 91,500 kilometres (56,900 miles), tapping into virtually all major gas supply basins in North America. TransCanada is the continent's leading provider of gas storage and related services with 653 billion cubic feet of storage capacity. A large independent power producer, TransCanada currently owns or has interests in approximately 6,100 megawatts of power generation in Canada and the United States. TransCanada is also the developer and operator of one of North America's leading liquids pipeline systems that extends approximately 4,800 kilometres (3,000 miles), connecting growing continental oil supplies to key markets and refineries. TransCanada's common shares trade on the Toronto and New York stock exchanges under the symbol TRP. Visit TransCanada.com to learn more, or [connect with us on social media](#) and [3BL Media](#).
