

Nathan Brown

President and Director, TC PipeLines GP, Inc.
Vice-President, U.S. Natural Gas Pipelines Financial Services
TransCanada Pipelines Limited

Nathan Brown was appointed President and Director of the General Partner, effective May 1, 2018. Prior to this appointment, Mr. Brown served as the Controller and Principal Financial Officer of the General Partner. He also holds the position of Vice-President, U.S. Natural Gas Pipelines Financial Services for TransCanada where he is responsible for accounting, financial reporting, planning and budgeting. In this role, he also provides regulatory accounting support for rate filings, settlement negotiations, and other regulatory proceedings.

Mr. Brown joined TransCanada in 2009 as Manager of U.S. Pipelines West and was responsible for combining the accounting and financial reporting processes of multiple entities into TransCanada's Houston office. He has progressed through several roles of increasing responsibility and managed ongoing accounting and financial reporting for multiple entities through complex technical accounting and regulatory issues.

Prior to joining TransCanada, Mr. Brown was an audit manager for Grant Thornton and Ernst and Young. He is a Certified Public Accountant in Texas and holds Bachelor's and Master's degrees in Accounting from Texas A&M University.

TC PipeLines, LP is a Delaware master limited partnership with interests in eight federally regulated U.S. interstate natural gas pipelines which serve markets in the Western, Midwestern and Northeastern United States. The Partnership is managed by its general partner, TC PipeLines GP, Inc., a subsidiary of TransCanada Corporation (NYSE:TRP). For more information about TC PipeLines, LP, visit the Partnership's website at www.tcpipelineslp.com.

With more than 65 years' experience, TransCanada is a leader in the [responsible development](#) and reliable operation of North American energy infrastructure including natural gas and liquids pipelines, power generation and gas storage facilities. TransCanada operates one of the largest natural gas transmission networks that extends more than 91,500 kilometres (56,900 miles), tapping into virtually all major gas supply basins in North America. TransCanada is the continent's leading provider of gas storage and related services with 653 billion cubic feet of storage capacity. A large independent power producer, TransCanada currently owns or has interests in approximately 6,100 megawatts of power generation in Canada and the United States. TransCanada is also the developer and operator of one of North America's leading liquids pipeline systems that extends approximately 4,800 kilometres (3,000 miles), connecting growing continental oil supplies to key markets and refineries. TransCanada's common shares trade on the Toronto and New York stock exchanges under the symbol TRP. Visit TransCanada.com to learn more, or [connect with us on social media](#) and [3BL Media](#).
