

William C. (Chuck) Morris

Vice-President, Principal Financial Officer and Treasurer,
TC PipeLines GP, Inc.

Director, Finance and Assistant Treasurer
TransCanada PipeLines Limited

Mr. Morris was appointed Vice-President, Principal Financial Officer and Treasurer of the General Partner, effective May 1, 2018. Mr. Morris handles long-term financing and banking requirements for the Partnership. He is also responsible for execution of capital market transactions and the establishment and maintenance of the Partnership's credit facilities, as well as management of the Partnership's long-term debt and interest rate risk management. In completing these duties, he regularly deals with commercial and investment banks.

Mr. Morris also holds the position of Director, Finance and Assistant Treasurer with TransCanada. In that position, Mr. Morris is responsible for the development, execution and monitoring of TransCanada's financing strategy. He joined TransCanada in 1996 and has held various leadership positions in the risk management area including market risk, counterparty risk and commercial risk.

Prior to joining TransCanada, Mr. Morris was employed at the Bank of Montreal's Calgary main branch as a commercial loans manager from 1990 to 1996. From 1984 to 1990, Mr. Morris worked in the Calgary office of Arthur Andersen & Co. Chartered Accountants, specializing in corporate income tax.

Mr. Morris is a Chartered Accountant and a member of Institute of Chartered Accountants of Alberta. He holds a Bachelor of Commerce degree from the University of Calgary.

TC PipeLines, LP is a Delaware master limited partnership with interests in eight federally regulated U.S. interstate natural gas pipelines which serve markets in the Western, Midwestern and Northeastern United States. The Partnership is managed by its general partner, TC PipeLines GP, Inc., a subsidiary of TransCanada Corporation (NYSE:TRP). For more information about TC PipeLines, LP, visit the Partnership's website at www.tcpipelineslp.com.

With more than 65 years' experience, TransCanada is a leader in the [responsible development](#) and reliable operation of North American energy infrastructure including natural gas and liquids pipelines, power generation and gas storage facilities. TransCanada operates one of the largest natural gas transmission networks that extends more than 91,500 kilometres (56,900 miles), tapping into virtually all major gas supply basins in North America. TransCanada is the continent's leading provider of gas storage and related services with 653 billion cubic feet of storage capacity. A large independent power producer, TransCanada currently owns or has interests in approximately 6,100 megawatts of power generation in Canada and the United States. TransCanada is also the developer and operator of one of North America's leading liquids pipeline systems that extends approximately 4,800 kilometres (3,000 miles), connecting growing continental oil supplies to key markets and refineries. TransCanada's common shares trade on the Toronto and New York stock exchanges under the symbol TRP. Visit TransCanada.com to learn more, or [connect with us on social media](#) and [3BL Media](#).
